President's Report | 2022-06 | By Dr. Adam Au

30TH ANNIVERSARY OF HKSPD

THE 30TH ANNUAL GENERAL MEETING & SCIENTIFIC MEETING

96TH SCIENTIFIC MEETING

2022 PDAA VIRTUAL CONGRESS

PRESIDENT'S ACTIVITIES

The global pandemic raged on its second full year with cases surging at different times and lockdowns being imposed in one region to another. Hong Kong have gone through the turbulent time since the outbreak of the fifth wave of the epidemic early this year and after millions of citizens got vaccinated with the third-dose has now exceeded 50%, situation is getting under control by this time and fingers crossed the community can move steadily forward along path to normalcy.

2022 marks the 25th anniversary of the establishment of the Hong Kong SAR, a landmark occasion can usher in the start of a new chapter of Hong Kong. Let's work together and share our dream to live in a better home with courage, wisdom and prosperity.

2020-2022 Executive Committee Members:

President:	Dr. Adam Au
Vice President:	Dr. Gillian Lee
Hon. Secretary:	Dr. Irene Lau
Hon. Treasurer:	Dr. Kitty Hse
Immediate Past President:	Dr. Kitty Hse
Council Members: (2019-2020)	Dr. Ki Yung
	Dr. Patricia Yeung

This year also marks the 30th anniversary of HKSPD. Since its inception with the first Annual General Meeting held in January 1992, the HKSPD has been dedicated to supporting our dental procession.

30th Annual General Meeting & Scientific Meeting

Thank you to everyone who joined The 30th Annual General Meeting cum Scientific Meeting and Dinner held on 29 December 2021. Our agenda covered the report on the Society's activities during 2020-21, presentation of the Treasurer Report, the election of Council Members as well as reappointment of Honorary Auditor and Legal Advisor.

We were grateful to have **Professor Nigel King** as our speaker for The 30th anniversary scientific meeting.

In addition, we are pleased to bestow **Professor Nigel King** as our Honorary Life Members

96TH SCIENTIFIC MEETING

Current Research Projects in the Master Degree Program of Paediatric Dentistry
(26 April 2022)

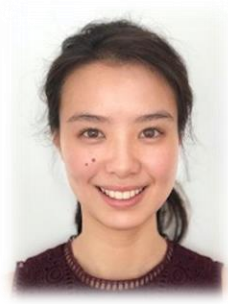
The Scientific meeting was composed of presentations by our three speakers about their research projects in the Master Degree Program which can be summarized as follows:

Dr. Leon Hui - Pain perception discrepancies after local anaesthesia between paediatric patients and operators. What's behind it?

Dr. Hui graduated from the University of Hong Kong with a Bachelor of Dental Surgery in 2017 and a Master of Dentistry in Paediatric Dentistry in 2021. He has also passed the tricollegiate examination and obtained the Diploma of Memberships in Paediatric Dentistry from the Colleges of Surgeons of Edinburgh, England, and Glasgow.

Dr. Ingrid Khosalim – Electrophoresis-Aided Biomimetic Mineralization System using Graphene Oxide for Regeneration of Hydroxyapatite on Dentin

Dr. Khosalim obtained a Bachelor of Dentistry and Doctor of Dental Surgery from The University of Sumatera Utara, Indonesia in 2017. Followed by some experience in the private sector, she joined the MDS programme in Paediatric Dentistry in HKU and graduated in 2021.



Dr. Kimberley Yip – Electrophoresis-Aided Biomimetic Mineralization System using Graphene Oxide for Regeneration of Hydroxyapatite on Dentin

Dr. Yip graduated from The National University of Singapore with a Bachelor of Dental Surgery in 2015. She was admitted to the MDS programme in Paediatric Dentistry in HKU and graduated with Distinction in 2021. She has also obtained the Diploma of Memberships in Paediatric Dentistry from the Colleges of Surgeons of Edinburgh, England, and Glaslow.

PDAA 2022 VIRTUAL CONGRESS

The 12th Biennial Congress of the Pediatric Dentistry Association of Asia (24-25 April 2022) Online - Korea

PADD 2020 Congress was postponed for 2 years due to the COVID-19 pandemic. The 12th Biennial Congress of PDAA 2022 has confirmed to launch as a virtual congress under the theme of "Asian Insight of Children's Health". The 3-days scientific program covered workshops and presentations conducted by speakers across the globe which included inter-disciplinary management of dental trauma in children, esthetic restoration in Pediatric Dentistry, oral surgery for children, eruption guidance as well as pulp treatment.
